

THE UNIVERSITY OF ARIZONA

Mel & Enid Zuckerman
College of Public Health

DrPH in Public Health Policy and Management Program Level Competencies

- Construct and interpret budgets, apply accepted financial concepts to analyze the fiscal status of public health, for-profit and non-profit health care organizations.
- Apply legal frameworks to analyze public health problems, explain the source and scope of the state's power to regulate public health and critique how the law can improve or impair the public's health.
- Describe the state and federal processes that govern the delivery of health services, analyze the impact of legislative and regulatory proposals on population health, and create products that inform others about contemporary health policy issues.
- Critique, analyze and evaluate administrative, management and regulatory issues that impact the delivery of medical care in the U.S.
- Collaborate with local advocacy groups to critically analyze public health problems, formulate legislative solutions and develop evidence-based justifications to secure bipartisan support.
