College of Public Health

### **MPH in Family and Child Health Program Level Competencies**

- Describe MCH populations and provide examples of MCH programs, including Title V.
- Recognize the way one's personal attitudes, beliefs, and experiences influence leadership style.
- Use population data to assist in determining the needs of a population for the purposes of designing programs, formulating policy, and conducting research or training.
- Write clearly, effectively, and with cultural and linguistic proficiency to express information about issues and services that affect MCH population groups.
- Actively seek out and use input from people with diverse perspectives to make decisions.
